

# PYROWAVE

## Cocktails and Tapas with the Team

A Pyrowave benefits

Pyrowave's mission is to develop the next generation of low-carbon materials through its microwave technology. To achieve this, we want to cultivate the next generation of talent who will want to put their creativity to work to achieve our environmental mission. It's all about putting your energy in the right place, and having fun doing it! Learn more about the amazing activities of our Social Club !

# Live a Memorable Experience with your Colleagues

"An experience where the flavours of cooking, the passion of wine and the art of cocktails meet." This is what the cooking school Ateliers & Saveurs proposed to all Pyrowave employees on May 27, 2022, at Timeout Market in downtown Montreal. All departments were invited to gather for a refreshing moment outside of work.

During the workshop, we spent a fantastic afternoon with the Team Shaking team! The group was divided into two teams, one part of the employees prepared the cocktails while the other cooked the tapas. Each member took on culinary challenges and learned about the art of mixology and cooking. While some were cutting fresh salmon and tuna for poke bowls under the supervision of the chef, others were shaking their cocktails to the rhythm of Outkast's "Hey Ya!"\*

In the workshop, the spicy smells of tapas mingled with the freshly cut sage of the cocktails, making employees' mouths water! "We discovered everyone's culinary and mixology talents," the results were impressive, even employees without great chef talent managed to concoct a delicious meal.

The participants learned professional and useful techniques for everyday life. Everyone enjoyed the activity and had a lot of laughs, especially when some employees tried to prepare 5 shooters at the same time!

# One of Many Initiatives Signed by our Social Club

The cocktails and tapas event of last May 27th is part of the series of activities organized each year by the Social Club of Pyrowave.

The Pyrowave Social Club creates a real cohesion between the employees with more and more creative and dynamic activities, always giving rise to many laughs. Essential to the company's social life, the Social Club brings all employees together, no matter if they work at the factory or at the head office. In addition to taking home great memories with colleagues, each employee had the opportunity to learn new cocktail and tapas recipes, each more delicious than the last!

## Put your Energy in the Right Place

Chez Pyrowave, s'investir dans les choses qui comptent, ce n'est pas seulement avoir de l'impact et créer un futur plus vert, mais c'est aussi participer à créer une culture d'entreprise forte, bienveillante et accueillante. Les employés sont ainsi encouragés à faire des choses qui ont de l'importance afin de « se sentir au bon endroit au bon moment ».

# Join the Party at Pyrowave

Finally, Pyrowave aims to promote a lifestyle where the professional and personal can coexist by giving rise to these types of events. Employees are encouraged to learn new things, gather and recharge together. Working at Pyrowave means choosing a balanced life and doing things that matter.
